BIOTECHNOLOGIES

SUMMARY

Hygea® Septic contains aerobics and anaerobics bacterias and enzymes effective in breaking down specific waste and odors originating from septic tanks and pump stations.

Hygea® Septic is used to degrade organic compounds in restaurants, hospitals, slaughterhouses, as well as in any establishment that uses septic tanks or alternative wastewater treatments.

Technical Data sheet

HYGEA® Septic

Septic System Maintenance

Description

HYGEA® Septic All household waste is disposed of through the septic system. The proper functioning of this system is essential for health, property value and the environment. HYGEA® SEPTIC helps your septic system by facilitating the breakdown of many organic household wastes. Remember to consult your septic professional as they can help tailor a plan to your specific needs.

Applications

Residential septic systems, cottages, schools, campgrounds.

Features and Benefits

- Restores the natural biological process.
- Considerably increases the useful life of the septic system.
- Maintains optimal system performance.
- Increases biological activity to improve waste digestion.
- Avoid expensive emergencies and additional pumping.
- Degradation in the same place.

How to Use

Place the pre-packaged and pre-measured bags in your toilet. The bags are water soluble and dissolve so you don't have to handle the powder.

HYGEA SEPTIC is a product with a wide range of organic solutions, for better results according to your needs, contact an IOS BiotechnologiesTM technical representative for information on dosage and how to use.

Technical Data sheet

HYGEA® Septic Septic System Maintenance

Package

Box of 10KG (23lb) - 400 soluble bags (25gms)

Storage

Store HYGEA® Septic in accordance with local regulations. Store in the original container protected from direct sunlight in a dry, cool and well ventilated area. Do not freeze or heat above 110°F.

Keep away from incompatible materials (see MSDS), food and drinks. Keep container tightly closed and sealed until ready to use. Containers that have been opened should be carefully sealed and kept in upright position to avoid leaks. Do not store in unlabeled containers. Keep out of reach of children.
