

The background of the entire image is a grayscale, high-magnification scanning electron micrograph (SEM) of numerous rod-shaped bacteria. The bacteria are densely packed and oriented in various directions, creating a complex, textured pattern. The lighting highlights the surface details of the bacterial cells.

 hygea power 10X[®]

SUMMARY

Hygea Power 10X[®] is a product NO pathogen created with the most advanced biotechnology, which consists of a synergistic and concentrated mixture of bacilli, which degrades organic matter with the presence of starch, fats, proteins and cellulose.

It is a deodorizing product, an excellent suppressor of unpleasant odors produced by the decomposing of organic waste. This product has the characteristic that, combining it with other products from our line, it enhances the efficiency of the product.

Technical Data sheet

HYGEA POWER 10X® Unpleasant Odor Suppressant

Description

HYGEA POWER 10X® is a product created with the most advanced technology, consisting of a concentrated synergistic mixture of bacilli and microorganisms, which degrades organic matter with the presence of starch, fats, proteins, cellulose. It Helps in the process of mineralization of organic matter. It accelerates natural biological reactions.

HYGEA POWER 10X® is the most powerful deodorizing product, an excellent suppressor of offensive and unpleasant odors produced by the decomposition of organic waste. It also helps with the mortality control through its way of speeding the animal decomposition, avoiding the presence of vectors, scavenger animals and offensive odors.

Applications

It is successfully used in farms, restaurants, slaughter plants, dairy factories, bakeries, clinics, veterinary centers, production of bio fertilizers, biological nutrition of soils, aquaculture, livestock facilities, sanitary landfills, gas stations, transport systems, floors, odor control in bathrooms, kitchens, hotels, cafeterias and supermarkets.

Characteristics and Benefits

- Restores the natural biological process.
- Maintains optimal system performance.
- Increases biological activity to improve waste digestion.
- Degradation in the same place.
- Combining it with other products from our line, enhances the effectiveness of the product.

How to use

Shake well before use. HYGEA POWER 10X® is a product with a wide range of organic solutions, for better results according to its need, contact an IOS Biotechnologies™ technical representative for information on dosage and directions for use.

Handling Information

Wash hands after use. Cleaning procedure: Vacuum or sweep, avoiding the accumulation of dust. Avoid excessive inhalation, wash with soap and water after handling the product. Contact of this product with chemical agents such as sodium hypochlorite, caustic soda, acids and insecticides and water with temperatures above 45°C, can reduce or nullify their effectiveness.

Packaging

- 55 gallon drum
- 5 gallon container

Storage

Store HYGEA POWER 10X® in accordance with local regulations. Store in the original container protected from direct sunlight in a dry, cool and well ventilated area. Do not freeze or heat above 110°F. Keep away from incompatible materials (see MSDS), food and drinks.

Keep container tightly closed and sealed until ready to use. Containers that have been opened must be carefully sealed and keep in upright position to prevent leakage. Do not store in unlabeled containers. Keep out of the reach of children. (See MSDS).

Warranty

The information presented is correct to the best of our knowledge; however, no warranty is expressed other than the quality of the product described. Users of IOS Biotechnologies™ products should review this information and recommendations to determine their relevance and applicability in the specific context in which the products are to be used.

MSDS

IOS Biotechnologies™ provides its customers with a Safety Data Sheet (MSDS) specifying safe handling, storage, possible health effects, and product use and disposal information. IOS Biotechnologies™ encourages its customers to review the MSDS carefully about the products and other materials before use.
